

**THE 32BJ SCHOOL WORKERS PENSION FUND**  
**REPORT OF SUMMARY PLAN INFORMATION**  
**2022 PLAN YEAR**

The following summary information about the 32BJ School Workers Pension Fund (“Fund”) is provided to you as required by Section 104(d) of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), and relates to the Plan Year beginning on July 1, 2022 and ending on June 30, 2023 (“2022 Plan Year”), unless otherwise indicated.<sup>1</sup>

**1. Contribution Schedule and Benefit Formula Information.**

Employers contribute to the Fund pursuant to the terms set forth in their respective Collective Bargaining Agreements with the Union.<sup>2</sup> Notwithstanding the foregoing, pursuant to Section 9.1 of the Fund’s Trust Agreement, the Minimum Acceptable Contribution Rate at any time is the contribution rate required by the Collective Bargaining Agreement in effect at that time between New York City School Support Services and 32BJ SEIU (including extensions) for employees of the New York City Public Schools, provided that the Minimum Acceptable Contribution Rate shall be adjusted in the case of any employer subject to prevailing-wage laws so that the employer may conform to those laws. As of the date of this notice, the Minimum Acceptable Contribution Rate is \$2.177 per hour.

Generally speaking, the amount of a participant’s monthly pension benefit will be calculated based on the applicable pension rate multiplied by the participant’s number of accrued pension credits not to exceed the applicable maximum pension credit limit. The monthly pension amount will also depend on the form of benefit payment elected by the participant. The applicable pension rate in effect as of the date of this notice is \$49.00. The applicable maximum pension credit limit in effect as of the date of this notice is 25 pension credits. For participants with 30 or more pension credits, subject to the form of benefit payment elected by the participant, the monthly pension amount will be based on the applicable pension rate multiplied by the participant’s number of accrued pension credits (not to exceed the applicable limit), plus \$100. No changes were made to the benefit payment formulas during the 2022 Plan Year.
